* according to the Virginia Department of Education On-Time Graduation Rate

C-Change Framework

Deeper Learning is at the heart of our C-Change framework.

- Learning that is engaging and purposeful.
- Includes content knowledge as well as the development of 21st Century Skills: Citizenship, Communication, Collaboration, Creativity, Critical Thinking.
- Student-centered, personalized and differentiated to meet the individual needs of students.
- Produced through the purposeful use of a variety of instructional strategies.
- Produces innovate students who are college and career ready and his catalyzed when technology is used to activate 21st Century Skills.

Components and Conditions for Deeper Learning:

Balance

- School community has a balance between preparing for standardized tests and developing 21st Century Skills through a variety of assessments and a whole-child approach to learning.

School and Classroom Climate

- Cultivating a physically, emotionally and intellectually safe and positive environment for learning built on respect and equity with a high standard of citizenship.

Professional Growth

- Committed to active, ongoing, staff development through coaching and professional learning communities aligned with the teaching and learning goals of the division to meet current and future challenges and needs.

Support Tools and Services

- Facilities and operations support environments in which students thrive through the ethical and transparent stewardship of public funds and resources along with technological services that support the instructional and business functions of the division.

Learning Culture

- Through team-oriented, visionary and accountable leadership, student and school success is celebrated and problem-solving is fostered by viewing failure as a learning opportunity through collaboration and a positive attitude with evidence-based decision making and a desire for continuous learning.

Preparing every student, in every school, and in every classroom to be Opportunity Ready.
