

## School Slogan

“One Burton = Infinite Possibilities!”

## Mission Statement

BCAT educates students to become responsible, skilled 21<sup>st</sup>-century citizens by using authentic learning experiences and innovative instruction in a multidisciplinary environment.

## Vision Statement

BCAT strives to be a model for educational excellence that prepares diverse, life and opportunity ready individuals for success in their future endeavors.

## Values and Beliefs

- Students are the focal point of our efforts.
- Providing all students the opportunity to realize their potential and grow their skills will help them create their own pathway to success.
- Equipping students to think critically and creatively will enable them to solve problems and overcome challenges.
- Collaboration and communication among parents, students, staff, and the community are essential components to developing good citizens.
- Embracing diversity of students and disciplines while maintaining a physically, mentally, and emotionally safe environment will allow students to take risks, function as part of a team, and improve as individuals.

## Goals

- All students will be offered a rigorous curriculum that fosters critical thinking and provides deeper learning and real-world experiences that yield high achievement outcomes to better prepare them for life after graduation.
- Staff will work together to recruit and retain students in programs that align with their personal interests, skills, and goals.
- Stakeholder input on the school and program environments will be solicited regularly, and the data will be analyzed and applied on an ongoing basis.
- All programs will collaborate internally or externally a minimum of two times per school year.
